OVERVIEW

The Louisiana Hospital Association (LHA) has collaborated with health plan representatives to provide hospitals with information specific to the plans' processes and programs, as well as to answer questions to assist hospitals with maneuvering through the challenges they sometimes face. All aspects of Medicare will be included in the discussions, as applicable, to provide a comprehensive experience. Developed using member hospital feedback on issues that frequently arise, the program objectives are designed to offer a meaningful and detailed discussion of health plan policies and practices. Payer Day will end with a general question and answer session with health plan representatives.

Join us for the opportunity to network with health plan subject-matter experts to establish or further enhance relationships with key people to facilitate future success and open the lines of communication where none may have existed previously.

PROGRAM OBJECTIVES

- Receive timely updates from health plans on current issues;
- Establish rapport with health plan representatives;
- Clarify details of the plans' processes on key areas to reduce errors and duplication of effort and to improve operational efficiencies;
- Identify electronic communication methods to improve claim turnaround; and
- Identify key contacts at plans to enable more effective communication.
